

## **New employees**

*Note:*

*This message is intended for the superintendent or person in charge of the ground's maintenance. We thank you in advance for forwarding it to the right person within your organisation.*

Greetings,

We proudly brand and base our business on three pillars: quality, service and professionalism. Our performance is keeping up with our growth. And, with the goal of continuously offering the best service we are happy to announce the addition of Mr. Paul Boudreau as Director of operations and Daniel Contino as Sales representative to the Soltek team.

Mr. Boudreau, trained architectural technician, has a professional background and experience baggage that easily blends into our business needs and philosophy. Twenty years as General contractor and over fourteen years in the municipal world as Director of Technical services and Public works are being added to our expertise. His knowledge, managing skills and professionalism will support our quality service.

In 2012, Daniel graduated from the University of Guelph with a Diploma in Turfgrass Management. Prior to accepting this position within Soltek, he served as Superintendent at Windmill Heights Golf Club for three seasons. Additionally, he occupied the role of Assistant Superintendent at Elm Ridge Country Club for seven seasons and interned as a student at the Royal Montreal Golf Club. Overall, Daniel has 18 years of experience within the golf industry, which will prove to be an asset when working with all present and future customers of Soltek.

You will most likely have the pleasure to meet Mr. Boudreau and Mr. Contino. Between now and then we welcome them in their undertakings with Soltek.

Francis Leblanc  
President
